Dear Friend,

The Giles County Tourism Marketing Committee has allocated funds for the development of a Giles County Film Office location library. This library will consist of photographs of a minimum of fifty sites identified in the county that may be of interest to film production companies as they scout for locations for studio and feature films, television programs, documentaries, commercials, music videos and still photography.

The Giles County photographs taken will be uploaded to the Virginia Film Office website for media production company's consideration. This office is an affiliate of the Virginia Tourism Corporation and is the marketing organization whose mission is to increase film and video production in the state.

Giles County is very excited to be a part of this initiative and would like to invite you to assist us in bringing media production to our area. Because of your specialized knowledge of locations in your town that may not be found otherwise, I would greatly appreciate your assistance in the identification of areas that you feel should be photographed.

The categories that photographs are needed in are as follows:
accommodations, agriculture, airports, auditoriums/theaters,
automobiles/vehicles, bars, bridges, businesses, cemeteries, restaurants,
roads/highways, schools, sports, store/shops, studios/stages, trains/railroads,
town/government buildings, hospitals, houses, house features, industrial,
lakes/rivers/creeks, landscapes, military, museum/exhibits, office buildings,
parks, religious etc.

The VA Film office has identified the locations that are most commonly requested by the filmmakers as: scenic farms, vacant hospitals, scenic small towns, period cities and towns (1700's-1950's), vacant warehouses and factories, plantations and estates, unique natural locations such as waterfalls, cliffs, caves, covered bridges etc...

If you have any recommendations of locations that you would like considered, please email these to me (bad2620@vt.edu) before October 7. If you prefer to mail this information, my mailing address is 136 Bratton Hollow Road, Pearisburg, VA 24134. Thank you again for your support

Sincerely,

Brogan Dinger
